

RISK ASSESSMENT TITLE:	COVID 19
RISK ASSESSMENT NUMBER:	RA 015
DEPARTMENT/AREA:	STAC Training Centre
RISK GROUP/EMPLOYEES EXPOSED:	Instructors / Learners

REVISION NUMBER:	0
------------------	---

Review Date: Risk Assessment reviewed on change of site location.

Likelihood / PROBABILITY FACTORS The factors considered indicate the probability of an incident occurring	SEVERITY OF INCIDENT The factors considered indicate the possible loss that can be sustained	The Risk Band is determined by multiplying probability by the severity. PROBABILITY x SEVERITY = RISK						
5 = Certain to occur / Very Likely (More than 80% chance of occurrence) 4 = Likely to occur (60% - 80% chance of occurrence) 3 = Probable chance / Moderately Likely (40% - 60% chance of occurrence) 2 = Unlikely to occur (20% - 40% chance of occurrence) 1 = Very unlikely (Less than 20% chance of occurrence)	5 = Major / Fatality or major incident 4 = Serious Injury / Long Tem Illness / Significant Loss 3 = Significant / Lost Time Accident (>3 days or more) 2 = Moderate / Minor Injury (first aid treatment) 1 = Minor / Minimal Loss	<table border="1"> <tr> <td style="background-color: #d9ead3;">1-5</td> <td style="background-color: #d9ead3;">LOW</td> </tr> <tr> <td style="background-color: #fff2cc;">6-10</td> <td style="background-color: #fff2cc;">MEDIUM</td> </tr> <tr> <td style="background-color: #f4cccc;">12-25</td> <td style="background-color: #f4cccc;">HIGH</td> </tr> </table>	1-5	LOW	6-10	MEDIUM	12-25	HIGH
1-5	LOW							
6-10	MEDIUM							
12-25	HIGH							

Risk Assessment Completed by: Seamus Sinnott
Date: 01/05/2020
assessment reviewed by: Mario Miotto & Michael O'Leary

Activity can proceed.
Activity can proceed but with caution and Efforts should be made to reduce risk rating to low.
Immediate action required.

	HAZARD	FREQUENCY OF EXPOSURE	RISK IDENTIFIED	EXISTING CONTROL MEASURES	RISK ASSESSMENT		RISK VALUE	RISK BAND	ADDITIONAL CONTROL MEASURES REQUIRED	REVISED RISK ASSESSMENT		RISK VALUE	RISK BAND
					Probability	Severity				Probability	Severity		
1	COVID-19 (Coronavirus)	infrequent	Learners, Instructors & members of staff being exposed to COVID-19	<p>No occupational exposure to COVID-19. Disinfection mats at entrance for shoe disinfection. Hand sanitising upon entrance to training centre Temperature check of all personal upon entrance to training centre Screening questionnaire of all personal upon entrance to training centre. Able supply of hand sanitiser available throughout the training centre. Full premises sanitisation with Ozone night before all classes. No sharing of equipment, all learner to have their own CPR mask Able supply of sanitiser wipes available to learners, instructors & staff. PPE masks & gloves available, but not compulsory, for all staff, instructors & learners. 2 Meter spacing between learner chairs First Aid provided at EMT & EFR level during all training. Phone on site to contact Ambulance/doctor.</p>	1	3	3	Low	Activity can proceed with constant use of control measures
